

cylinder EV-20-4 150683

URL:<https://www.sxplc.com/cylinder-ev-20-4-150683>

Product data sheet

stroke

4 mm

Clamping surface

Ø 20

Installation location

Optional

Working mode

Single acting

symbol

00991208

working pressure

$\leq 0.6 \text{ Mpa}$

working pressure

$\leq 6 \text{ bar}$

working pressure

$\leq 87 \text{ psi}$

Working medium

Compressed air, in accordance with ISO 8573-1:2010 [7: -: -]

Paint Wetting Defect Substance (PWIS) Compliance

VDMA24364-B1/B2-L

ambient temperature

$-10 \text{ }^{\circ} \text{C}$ $40 \text{ }^{\circ} \text{C}$

Product weight

19 g

Installation method

With through-hole

Pneumatic interface

M3

Shell material

Die cast aluminum

Membrane material

TPE-U (PU)
