

sensorWF80-60B410 (6028441)

URL: <https://www.sxplc.com/sensorwf80-60b410-6028441>

Product data sheet

Current consumption 40 mA

Stability of response time $\pm 20 \mu s$

Shake $40 \mu s$

Switching output PNP/NPN

Switching output (voltage)

PNP: High level= $UV \leq 2 V$ /Low level approximately 0 V

NPN: High level=approximately UV/Low level $\leq 2 V$

Switch type light/dark switching

Output current I_{max}. 100 mA

Initialization time of 100 ms

Connection type plug, M8, 4-pin

Protection circuit

UV interface with reverse polarity protection

Output terminal Q with short-circuit protection

Suppressing interference pulses

The weight is approximately 36 g 160 g 1)

Shell material metal, aluminum
