

Pressure switch ISE20A-V-01-J

URL:<https://www.sxplc.com/pressure-switch-ise20a-v-01-j>

Product data sheet

Pressure switch ISE20A-V-01-J

- An M12 connector type has been added to the 20B series. [New]
- A low pressure range type has been added to the 20A series. [New]
- An IO-Link compatible type has been added to the 20C series for general fluids.
- Visualization of settings
- Simple 3-step setting
- Easy screen switching
- Delay time:1.5 ms or less
- Current consumption: 25 mA or less

Field	Value	Value Details
Rated Pressure Range	20A	□0.1 To 1 MPa
Output Specifications	V	PNP Open Collector 2 Outputs + Analog Current Output
Unit Specifications	-	Unit Selection Function
Piping Specification	01	R1/8

Option 1	J	Lead Wire With Connector(5-core,2 m Lead Wire)
Option 2	-	None
Option 3	-	Operation Manual:○;Calibration Certificate:-
Made To Order	-	Standard
