

Split hydraulic cutter □TC-45A

URL:https://www.sxplc.com/split-hydraulic-cutter-tc-45a

Product data sheet

Product features:
Suitable for cutting armored copper, aluminum cables, and steel core aluminum stranded wires
Flip open head design for easy placement of cut objects
Closed shear head with bolt interlocking
The head can rotate freely 360 degrees
Connecting a single acting hydraulic pump
Technical parameters:
Output: 6T
Rated pressure: 700bar

1/2

Cutting range: Copper/aluminum/steel core aluminum stranded wire within diameter of 45mm

Steel rod with a diameter of 20mm

Weight: 3.8kg
