

filter AF 4000-04

URL:<https://www.sxplc.com/filter-af-4000-04>

Product data sheet

Unit weight

0.6kg

Principle

Pressurized filtration

Usage

Oil-water separation

Type

Vertical

Performance

Precision filtration, high efficiency filtration

Applicable objects

Air

Applicable nature

Non-corrosive air

Filter media type

Fiber

Filter type

Tube type

Main body material

Aluminum alloy

Scope of application

Automobile, food, chemical, textile, dyestuff, light industry, metallurgy, petroleum, water treatment, pharmaceutical, mineral processing.

Effective filtration area

0.002(m²)
