

Inductive sensors

IGS245IGK3012-BPKG/2M/PUR

URL:<https://www.sxplc.com/inductive-sensors-igs245igk3012-bpkg-2m-pur>

Product data sheet

Product Features:

Electrical design

PNP

Output function

Normally open

Sensing distance [mm]

12

enclosure

Threaded construction

Dimensions [mm]

M18 x 1 / L = 70

apply

Special properties

gold-plated contacts; increased sensing distance; Metal case

apply

Continuous cleaning with aggressive detergents; Routine cleaning process

Compressive strength [bar]

100

Pay attention to the compressive strength

Induction faces

Electrical data

Operating voltage [V]

10...30 DC

Current consumption [mA]

< 25

Ingress protection

III

Inverted protection

Yes
