

Air Compressor Parts Pressure

Sensor 39853809

URL:<https://www.sxplc.com/air-compressor-parts-pressure-sensor-39853809>

Product data sheet

Measured Media	Gases,liquids, oils,and other compatible media with the material of the contacting parts.
Media Temperature	-20-80°C, -20-300°C.
Measurement Form and Range	Maximum 0-300 Mpa, Minimum 0-0.5Kpa
Interface Size	There are many sizes, different models, and may not be the same interface size.
Accuracy Grade	0.1%,0.5%,0.2%.
Long-Term Stability	Less than 0.25%FS/year, Less than 0.5%FS/year.
Power Supply	15-36VDC(calibration voltage: 24VDC)
Output Signal	4-20mA,0-5V.
