

Automatic atomizing nozzle ST-5-0.5

URL:<https://www.sxplc.com/automatic-atomizing-nozzle-st-5-0-5>

Product data sheet

Is it imported

no

Customized processing

no

type

Automatic spray gun

brand

Fuso Seiki

model

ST-5-0.5

Nozzle diameter

zero point five

texture of material

brass

Scope of application

Spray painting operations in various industries

Spray distance

300 mm

Coating supply method

Pressure delivery type

Spray volume of paint

85 ml/s

product name

injector

purpose

Can be used for various purposes such as painting

Mixed method

Internal hybrid spray gun

Special spray gun

Automatic spray gun

power

nine hundred

weight

zero point three one five

Maximum output pressure

one hundred
