### Product data sheet

|                                |                       |                  |                                 |
|--------------------------------|-----------------------|------------------|---------------------------------|
| Orifice Size:                  | 40 mm                 | Connection Type: | Female BSPP thread (ISO 1179-1) |
| Connection Size:               | G 1 1/2 inch          | Function:        | 2-way                           |
| Maximum Operating Temperature: | 100 °C, 212 °F        | Seat Material:   | POM                             |
| Maximum Flow Rate:             | n/a                   | Body Material:   | Stainless steel                 |
| Configuration:                 | 2-way BSPP ball valve | Operation Type:  | Manual                          |
| Minimum Operating Temperature: | -30 °C, -22 °F        | Seal Material:   | NBR                             |
| Mounting Type:                 | Screw                 | Body Material:   | Stainless steel                 |
| Actuation Type:                | Manual                | Connection Type: | Female BSPP thread (ISO 1179-1) |
| Handle Type:                   | Ball valve            | Connection Size: | G 1 1/2                         |
| Maximum Operating Pressure:    | 400 bar               | Orifice Size:    | DN 40                           |
| Shape:                         | Straight 2-way        | Series:          | n/a                             |
| Product Type:                  | Valves                |                  |                                 |
